

# You are invited to participate in eye research

**What:** The study will be evaluating the effects of wearing 3 different pairs of progressive addition lenses. Each pair is worn for one week and then evaluated by a survey. The study is completed in around two months and requires three separate visits.

**Where:** The study will be conducted at the Eye Care Institute at the Patient Care Center Western University of Health Sciences. 795 E Second Street Pomona, CA 91766.

**Who can participate:** Anyone that is 45 to 70 years old, currently wears progressive addition lenses, has 20/20 vision with the use of these glasses, and has no known ocular pathology. Your eligibility will be determined at the time of the study.

**Compensation for Participation:** You will be given:

- a \$25 gift card for the ocular examination part of the first visit,
- a \$25 gift card for the second visit (if you are eligible for the study),
- a \$200 gift card for the third visit if you participate in the study (if you are eligible for the study).

Please contact Ms. Edith Avitia 909-469-8626 or [eavitia@westernu.edu](mailto:eavitia@westernu.edu) to make an appointment for evaluating if you will be eligible to participate in this study.
